CREATIVE DESIGN CENTER OPENS

THE GALLERY. Grand Opening of Sanford & Hawley's Creative Design Center was held recently. The Gallery is located at their Manchester, CT facility and is open to the general public, builders, remodelers and architects from 7:30 am until 4:30 pm during the week and 7:30 am until noon on Saturdays. After hours are by appointment. Sanford and Hawley's Creative Design Gallery is a unique, state of the art design center. It features the newest technologies, design concepts and latest products. Check out this amazing showcase. For more information visit their website at www.sanfordandhawley.com or call 800-433-7943.

NATIONAL LUMBER INTRODUCES ...

National Lumber sells the new Woodwright® Replacement Windows under an arrangement with Andersen® - replacement windows that look like originals. Now, rooms that are original to a home and additional rooms can all have matching Woodwright® windows. National Lumber will field measure the units before being ordered, and free estimates are available.

These innovative windows are designed with the installer in mind. With the high-quality and attention to detail you expect from Andersen®, the Woodwright® double-hung insert window allows convenient replacement without disturbing interior window trim in most applications. The windows feature traditional design, original appearance, exterior simplicity, detailed craftsmanship, availability in custom sizes, convenient weatherproofing, and installation extras to make your job easier.

Serving the building industry in New England since 1934, National Lumber now has locations in Mansfield, New Bedford, Newton and Salem. For more information please visit www.national-lumber.com and www.kitchenviews.com or call 1-800-370-WOOD.

RYAN HOSTS CONTRACTORS

RYAN SEAMLESS GUTTER of Westwood recently held their 3rd Annual Hawaiian Day. In appreciation of their customers, Ryan and several of their vendors sponsored the event in effort to warm winter spirits. Over 250 contractors attended and enjoyed food and door prizes. Shown are Andy Reda, Frank and Katie Ryan. For more information please contact 781-329-4849.

The tour will stop at: central and western Massachusetts April 17-21; FIA, Inc. in Woburn, Mass. covering the eastern Massachusetts and Rhode Island April 24-28. Contact a local Lochinvar representative for details.

WHIRLPOOL RECEIVES E-STAR AWARD

Whirlpool Corporation announced that it received the inaugural ENERGY STAR Sustained Excellence 2006 Award from the U.S. Department of Energy and the U.S. Environmental Protection Agency. This special award is given to a select group of organizations that have exhibited outstanding environmental leadership year after year, while sustaining product and marketing excellence. This unique honor represents the company's seventh ENERGY STAR Award win.

Whirlpool Corporation was recognized at an awards ceremony in Washington, D.C. on March 21, 2006.

GAF HONORED BY NRCA

During the National Roofing Contractors Association's (NRCA's) 119th Annual Convention Feb. 13-16, GAF Materials Corp., Wayne, N.J., received the Charlie Raymond Award, the most prestigious membership recruitment award NRCA bestows.

Each year, the Charlie Raymond Award honors the NRCA member who has recruited the most new members during the calendar year. GAF Materials Corp. earned the award for recruiting nine new members in 2005.

The Charlie Raymond Award is named for former NRCA president and J.A. Piper Award winner Charlie Raymond, who first became chairman of NRCA's Membership Committee when the association had only 328 members and is responsible for recruiting many more. Raymond recruited the 1,000th member for NRCA in 1973.

PELLA DONATES TO NEW ORLEANS RESCUE MISSION

Pella Corporation donated and installed Architect Series® windows with HurricaneShield® impact-resistant glass in the Women's Shelter at the historic New Orleans Rescue Mission. Pella donated its premium windows, which utilize glass with a rigid layer of laminate material heat-sealed between two layers of glass. One type of laminate material featured in Pella's HurricaneShield products provides 100 times the rigidity and five times the tear resis-
